Raj Baldha

Mern Stack Developer | Nodejs | Expressjs | Reactjs | MongoDb |
Aspiring software engineer seeking an Internship
Gondal, Gujarat, India

Summary

Hi, I'm Raj Baldha, a passionate MERN Stack Developer eager
to build impactful web applications. With hands-on experience in
React.js, Node.js, Express.js, and MongoDB, I specialize in creating
dynamic and scalable solutions.

I'm currently seeking an internship to apply my skills in real-world
projects, collaborate with innovative teams, and continue growing
as a developer. From crafting responsive user interfaces to building
robust APIs and managing data efficiently, I bring a proactive and
problem-solving mindset to every task.

Let's connect and create something amazing together!

Education

Gujarat Technological University (GTU)
Bachelor of Engineering - BE, Computer Engineering · (August 2022 - August
2026)
